SUBJECT: Proposed Instruction - Travel

There is attached for your approval a draft of a proposed CIG Memorandum entitled "Travel Instructions for Vouchered Civilian Employees". This instruction has been coordinated with representatives of the Personnel and Services Branches.

STATINTL

The instruction is in effect a revision of Administrative Order and incorporates changes in procedure which have taken place since the issuance thereof, e.g., the transfer of two functions from the Fiscal Division, Budget & Finance Branch, to the Transportation Division, Services Branch. Instructions relating to travel to overseas points and travel involving change of official station have also been included in the proposed CIG memorandum.

STATINTL

Some of the material contained in Paragraph 5 of Administrative has been eliminated in the new instruction, and it is proposed that the same points be covered in "Special Instructions" to be printed on the reverse side of the Travel Order, Form No. 34-4. It is believed that in this form the instructions will be more beneficial to the traveler. A draft of the "Special Instructions" is attached, and if you will indicate your concurrence, arrangements will be made to have this information printed on a new supply of travel orders. The present supply of Travel Orders will be exhausted in the near future.

It will be appreciated if you will review the proposed memorandum and, if approved, make arrangements for its issuance. The Transportation Division will include the "Special Instructions" as a part of their next requisition for Travel Orders.

- 1. Examine Travel Order to determine that it specifies all requirements, including mode of transportation, period covered, places to be visited, any special authorizations, per diem or other allowances. If the Order does not provide adequate coverage, an amendment should be requested through proper channels prior to departure.
- 2. Maintain accurate records of time of departure of train, plane, etc. from point of origin and arrival at destination.
- 5. In the event the Transportation Office does not issue Transportation Requests for your travel and you procure your tickets for cash or through the use of blank Transportation Requests furnished for that purpose, extreme care must be taken to procure through tickets, excursion tickets or reduced rate round-trip tickets whenever practicable. The fact that the existence of such reduced rates may not have been known does not relieve the traveler of the responsibility of obtaining lowest rates.
- 4. Obtain receipts for official expenditures of more than \$1.00 and a copy of each official telegram. Attach such documents to the original 1012 voucher when presented for payment.
- 5. Retain any unused portion of tickets, and submit them, with explanation for non-use, with the original 1012 voucher.
- 6. Exercise utmost care in handling unexecuted Transportation Requests since the value of lost or stolen Requests may be charged to the expression. In the event of loss or theft, report the number (s) to the Transportation Division with an explanation of the facts surrounding the loss. If such Requests are subsequently located, they must be forwarded immediately to the Transportation Division, and
- 7. The use of taxis is allowed only from conveyance terminal to place of abode or place of business, and vice wersa. Each claim for reimbursement should be supported by a showing of the actual points between which the taxi was used.
- 8. Per Diem in lieu of subsistence will be allowed as authorized by the Travel Order and existing regulations. The calendar day will be the unit used in computing the per diem allowance for continuous travel for more than 24 hours. For fractional parts of a day at the commencement or ending of such continuous travel one-fourth of the rate for a calendar day will be allowed for each period of six hours or fraction thereof. No per diem will be allowed when departure from official station is after 8:00 A. M. and return on the same day prior to 6:00 P. M. or for any absence not exceeding three hours. Since one day is lost on a westward crossing of the International Date line, per diem for one day will be deducted from all travel accounts where such travel is involved.
- 9. The following charges will be paid by the traveler from his per diem allowance: meals, lodgings, baths, laundry, fans and fires in rooms, personal use of room during daytime, telegrams and telephone calls reserving hotel accommodations, fees and tips, cleaning and pressing of alothing, transportation between places of lodging or where meals are taken and places of duty.
- 10. Submit Standard Form 1012 at the completion of each trip of less than two months. For trips in excess of two months, monthly accounts must be submitted, either on a calendar month basis or monthly after the beginning of the travel.
- 11. Traveler should be familiar with contents of Standardized Government Travel Regulations, Executive Order No. 9805 and CIG Memorandum No.

SUBJECT: Comptroller General's Decision Regarding Traveling Expens Personal Convenience - Return to Headquarters Upon Illnes Without Completion of Temporary Duty

- 1. The Comptroller General on 20 October 1947 issued Decision No. B-70058 relating to the above subject.
- 2. The decision states that where an employee is taken ill while in travel status necessitating his return to headquarters without completing the duty assigned, he is not entitled to reimbursement for the expense of the return trip nor for per diem for such period of travel. However, where the illness occurs reasonably coincident with the termination of official duty in a travel status, reimbursement may be allowed in an amount not to exceed the amount that would have been incurred if the employee had returned immediately after the completion of his official duties. By failure of the employee to complete the duties assigned while away from his official headquarters, an additional expense or burden may be placed upon the Government through the necessity of assigning another employee to complete the unfinished task.
- 3. The sum payable to the employee for travel for the period prior to illness is to be applied against the cost of Government travel in returning to headquarters. Any additional amount remaining due will be collected from the employee by administrative action.

SUBJECT: Comptroller General's Decision Regarding Traveling Expenses Personal Convenience - Return to Headquarters Upon Illness
Without Completion of Temporary Duty

- 1. The Comptroller General on 20 October 1947 issued Decision No. B-70058 relating to the above subject.
- 2. The decision states that where an employee is taken ill while in travel status necessitating his return to headquarters without completing the duty assigned, he is not entitled to reimbursement for the expense of the return trip nor for per diem for such period of travel. However, where the illness occurs reasonably coincident with the termination of official duty in a travel status, reimbursement may be allowed in an amount not to exceed the amount that would have been incurred if the employee had returned immediately after the completion of his official duties. By failure of the employee to complete the duties assigned while away from his official headquarters, an additional expense or burden may be placed upon the Government through the necessity of assigning another employee to complete the unfinished task.
- 3. The sum payable to the employee for travel for the period prior to illness is to be applied against the cost of Government travel in returning to headquarters. Any additional amount remaining due will be collected from the employee by administrative action.

SUBJECT: Comptroller General's Decision Regarding Traveling Expenses Personal Convenience - Return to Headquarters Upon Illness
Without Completion of Temporary Duty

- 1. The Comptrollor General on 20 October 1947 issued Decision No. B-70058 relating to the above subject.
- 2. The decision states that where an employee is taken ill while in travel status necessitating his return to headquarters without completing the duty assigned, he is not entitled to reimbursement for the expense of the return trip nor for per diem for such period of travel. However, where the illness occurs reasonably coincident with the termination of official duty in a travel status, reimbursement may be allowed in an amount not to exceed the amount that would have been incurred if the employee had returned immediately after the completion of his official duties. By failure of the employee to complete the duties assigned while away from his official headquarters, an additional expense or burden may be placed upon the Government through the necessity of assigning another employee to complete the unfinished task.
- 3. The sum payable to the employee for travel for the period prior to illness is to be applied against the cost of Government travel in returning to headquarters. Any additional amount remaining due will be collected from the employee by administrative action.
